

For Immediate Release

## **2020 Orange County Auto Show Cancelled Due To COVID-19 Pandemic**

*Show Set to Return in 2021*

**Anaheim, Calif. (June 26, 2020)** -- Due to the continued concerns and current guidelines surrounding the COVID-19 pandemic, the 2020 Orange County Auto Show (set to take place September 24-27) has been cancelled and will return in 2021. The decision to cancel was made after careful consideration, with the health and safety of our guests, exhibitors, staff and the Orange County community remaining the top priority.

“For 56 years the Orange County Auto Show has always been about bringing people together in a fun and interactive environment to celebrate Southern California’s love of cars,” said Orange County Auto Show Director John Sackrison. “Given the size and scale of our event, we can’t see a way to do that in 2020 without sacrificing the elements that make our show enjoyable for our guests and a success for our partners. As one of the nation’s premiere auto shows and the largest public event at the Anaheim Convention Center, we will now focus our efforts on making the 2021 show the best in our history and put 2020 in the rearview mirror.”

The 2021 Orange County Auto Show is set to take place October 7-10, 2021, at the Anaheim Convention Center.

The Orange County Auto Show is owned by the Orange County Automobile Dealers Association and produced by Motor Trend Auto Shows. Since 1964 the Orange County Auto Show has been the premiere auto event in Orange County, CA, a robust market that sells more new vehicles than 24 states. The show is hosted at the Anaheim Convention Center encompassing over 650,000 square feet and features more than 500 of the latest cars, trucks, crossovers, SUVs, commercial vehicles and alternative fuel options from more than 35 manufacturers, as well as exotics, concept vehicles, pre-production models, new technologies and more. Additionally, more than 100 vehicles are available for test-drives at the event.
